

PRO 1000

The Production Depositor Rev 007

Designed to work over production lines and conveyors, the *PRO-1000* cake production depositor features an adjustable height mobile frame and diving nozzle with built-in suck back (prevents product from dripping) to accommodate full cover heads.

System Includes

- UNI-1000 Base fitted with a 3" (76mm) product cylinder and piston
- Large 14-gallon (52 liter) conical hopper
- 1.5 inch (38mm) diving cake nozzle with suck back, threaded to accept any Unifiller cream cover head
- Heavy duty all stainless steel construction mobile stand with built-in height adjustment
- Foot operated starter switch
- Removable Stainless Steel Tool Tray (as shown in picture on the stand).

Optional cream cover head shown in photo not included.

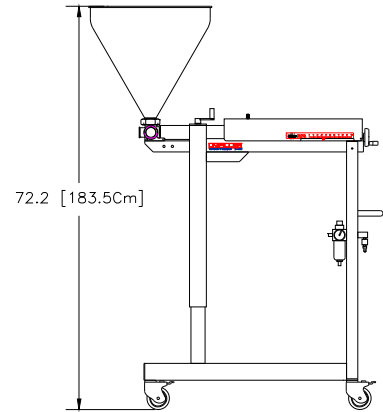

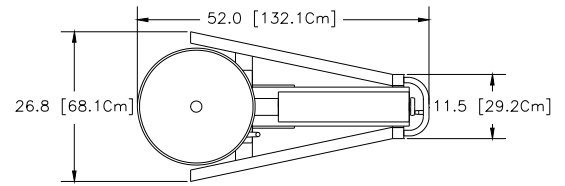

Product Cylinder Size Chart

CYLINDER SIZE	DEPOSIT VOLUME (fl oz)
